

Hampshire Squash and Racketball AGM Racketball Section Report

The 2019/20 season was the second year that Hampshire Racketball teams operated within LMS. The transition from a single point of contact inputting results to team captains taking over that responsibility has gone smoothly.

The season almost completed for most teams before the lockdown however there were no runaway teams in either division to justify declaring a league winner.

In **Division 1** Nuffield Knicks were leading with 199 points from 12 matches played out of the 14 fixtures scheduled. In second place Ringwood Rogues had 187 points from 12 matches played.

With 48 points still up for grabs the title was still tightly contested. Also Lee on Solent Bandits in third place with 183 points from 13 matches played were still in the running.

In **Division 2** Abshot Amateurs were on 182 points from 11 matches played. In second place Nuffield Nobles were on 152 points from 9 matches played.

Abshot had completed all their matches however with Nuffield Nobles requiring 31 points from 48 available Abshot could not be declared Division 2 winners.

Totton Heat withdrew halfway through the season.

There were no Hampshire tournaments organised this season.

Both myself and Stew Chandler are stepping away from the organising of Hampshire Racket after 10 years in the role. Thank you to Hampshire Squash for all of your support over this time and we hope that the bigger balled 'Heinz 57' variety game can further develop and thrive under the new stewardship of Dilip Chakrabarti and Mark Millard.

Regards Dave Moore / Stew Chandler.
